

Inventory of Board Reports:

On February 16, 2016, the Board approved a motion directing the Chief Executive Officer and the then Acting Executive Officer to coordinate with the Countywide Criminal Justice Coordination Committee and relevant public safety Departments to inventory all public safety reports received by the Board and report back in writing any improvements to the format, frequency or content of these reports. That motion was amended to include an inventory of *all other* non-public safety reports received by the Board. The report on the main motion was received on April 18 and the recommendations contained therein were approved by the Board on May 31.

On August 26, the Executive Officer issued the report on the inventory of Board reports referenced in the amendment to the main motion. The report contains a comprehensive inventory of non-public safety reports and numerous recommendations. Specifically, of the 90 reports, no changes are recommended for 65, 16 reports are no longer required, 7 should change reporting frequency and 2 should be consolidated.

I, THEREFORE, MOVE THAT the Board of Supervisors adopt the recommendations in the Executive Officer's report of August 26 entitled "Inventory of Board Reports from County Departments" and instruct the Executive Officer to communicate the new reporting requirements to the relevant county departments.
